### **Community Listening Session**

Some of the community members asked questions about the Community Input Survey. Is the survey closed? The hiring committee answered that no it was not and there is no specific closing date. How many people had submitted answers - 37 to date. Also questions related to the time frame for accepting candidates for the director's position, etc. The committee responded that the job posting will stay up until filled and the job description is posted on library web site. People are encouraged to view it on that site and also to keep up to date with the procedure by viewing the hiring committee minutes posted under the Library Trustees Minutes tab. The hiring committee shared the questions on the survey and people could submit the survey again if they wanted to share more or had questions. Many people attending this session had already filled out survey and were very engaged in process.

Most of the sharing at this meeting was peoples' appreciation of all that the library does for the town. Whether through programing, support for the school, friendly staff and volunteers, and local projects and activities. They hope the new director will be committed to the community and will look for ways to provide for it's needs.

The hiring committee thanked the community for their interest and involvement in the process of hiring a new library director.
